The Learning Ledger

Here Comes the Sun

Our school year is quickly coming to an end, and the cold winter months are giving way to a warm summer full of sunshine. With the weather comes many changes, and here at Learning Solutions things are no different. We would like to welcome some new and returning faces to Learning Solutions. Firstly, Leah Smith and Kelli Sitarski will be joining our tutoring team. Leah is a recent graduate from Brock University's Concurrent Education Program, specializing in Primary and Junior English. Kelli is also a recent graduate from Brock University specializing in Intermediate and Senior English. As well, returning from teaching in Europe, Lisa Minutillo has come back home and is rejoining our team. Lisa also specializes in Intermediate and Senior English. We look forward to everyone getting to know them during their time here.

We are also saying good-bye to McKenzie Kelly, and wish him all the best in his future endeavors and teaching career. We appreciate all he has done for us.

This newsletter will also be highlighting all the details of our summer programs, their pricing information, and our summer hours.

Avoid Summer Learning Loss

- All students experience learning losses when they do not engage in educational activities during the summer.
- On average, students lose approximately 2.6 months of grade level equivalency skills during the summer months

Summer Programs and Summer Hours

This summer at Learning Solutions we will be offering a variety of programs. In addition to our regular One to One Tutoring, will be offering our Summer Clinics and Summer Math Boot Camps. There is also a High School Preparation Program for students going into grade nine who need help with certain subject areas and adjusting to the academic expectations and stresses that come with high school. In addition, the program for adult learners for individuals working towards their high school diploma, also continues over the summer. If you know that your child is staying through the summer for additional help please book your sessions with Marg as soon as possible, as spots fill up quickly. For additional details on any of our summer programs please speak to or call our Education Director or Education Coordinator.

"You can't stop the waves, but you can learn to surf."

Joseph Goldstein

Summer Tutoring (One to One)

Monday to Thursday starting July 10th, ending September 1

This program offers our regular Learning Solutions Programs, Summer School Support, and Online School Support. If you book and pre-pay for six sessions (\$258.00) you will get two sessions for FREE!

Summer Clinics

Two hours a day for four days of the week

With clinics you can choose from Math, Language, and Science. We also offer clinics in grade boosting, course preparation and preview, or high school preparation. The cost of the first clinic is \$280.00 and each clinic after that is \$250.00.

Summer Math Boot Camp

Our Boot Camp this year is the last two weeks of August from August 21- 25 and August 28– September 1. This Boot Camp strictly focuses on Math, reviewing concepts and skills, to be best prepared for the coming school year. The Boot Camp runs for two hours per day for four days a week. This is a total of sixteen hours over the two week period. Please ask Marg about grade availability. The cost of the Boot Camp is \$300.00 per week.

<- Please Remember that First Paid Reserves the Space ->

Other Notes

- Please check over the days and times carefully to ensure they coordinate with scheduled vacations.
- It is also important to note that your child could possibly experience a different tutor this summer due availability or other scheduling.
- Please return any borrowed books from our lending library by the end of the school year, June 29.
- If you are not attending over the Summer but are returning in September, please remember to book or call before the school year begins to reserve your spot.
